

Understanding the Threat Overview: DFW Area

For the purposes of this Overview report, the “DFW Area” of Texas consists of Dallas, Tarrant, Rockwall, Denton, and Collin Counties.

Purpose

This Overview is meant to serve DFW leaders by alerting them to the significant jihadi threat present in this area of Texas, and is not meant to be all inclusive or complete. UTT is prepared to build a Detailed Assessment of the DFW area if contracted to do so by Texas agencies or businesses.

Key Evidence

1. Since 9/11/01, there have been more jihadi attacks in Texas (9) than any other state in America, in which 22 innocent people were killed and 36 wounded, and 2 jihadis killed.
2. Dallas - Fort Worth (DFW) has the most Hamas activity in the nation, outside of the Chicago, Illinois area.
3. The largest terrorism financing trial in United States history - US v Holy Land Foundation for Relief and Development (“HLF”), Northern District of Texas, 2008 - was adjudicated in Dallas. The HLF and its leadership were convicted of 108 counts, and the evidence demonstrates the HLF sent over \$12 million to the terrorist group Hamas and Hamas leaders overseas
4. The evidence from the US v HLF trial also reveals all of the prominent Islamic organizations in America are a part of an “Islamic Movement” primarily led by the U.S. Muslim Brotherhood whose stated purpose is to wage jihad - war against non-muslims - to establish an Islamic State under Islamic law (sharia). Investigation reveals numerous Muslim Brotherhood/jihadi organizations operate in Texas, including, but not limited to: Council on American Islamic Relations (CAIR), a front organization for the terrorist group Hamas; Islamic Society of North America (ISNA) and its affiliates; Muslim Students Associations (MSA); North American Islamic Trust (NAIT), which is the primary “bank” for the U.S. Muslim Brotherhood; Islamic Associations; and others.

1. Hamas doing business as CAIR operates chapter offices in DFW and Houston. CAIR serves to resist all efforts by law enforcement, political leaders, activists, and others in the community to interfere with their jihadi efforts, much of which takes place while wearing suits. Recent examples include:
 1. January 2019: Texas allowed Hamas/CAIR to host Muslim Day at inside the State Capital in Austin.
 2. May 2019: Austin Mayor Adler participates in an event with jihadi Congresswoman Ilhan Omar at an event sponsored by Hamas doing business as EMGAGE, partnered with Turkish Muslim Brotherhood organization “Turkish Raindrop Foundation.”
 3. December 2018: Houston Mayor Turner declared December 9, 2018 as “CAIR-Texas Day” in Houston.
 2. A declassified FBI report dated December 15, 1987 stated: “The leadership of NAIT, MSA, and other Muslim groups are inter-related, with many leaders and members of NAIT having been identified as supporters of the Islamic Revolution as advocated by the Government of Iran (GOI). Their support of JIHAD (a holy war) in the U.S. has been evidenced by the financial and organizational support provided through NAIT.” Investigation reveals the DFW area has twelve (12) NAIT owned properties.
 3. The Muslim Brotherhood’s Islamic Society of North America (ISNA) has nineteen (19) subsidiary Islamic Societies across Texas, three (3) of which are in the DFW area.
 4. There are 16 Muslim Students Associations (MSA) in the DFW area. These serve to recruit terrorist and provide misinformation to students about Islam.
 5. There are 15 Islamic Associations in the DFW area.
5. As of the date of this report, there are approximately 342 halal restaurants and 15 Islamic schools in the DFW area. This high number of halal restaurants indicates a significant level of sharia adherence among the Islamic population. There is a one to one relationship between visible sharia adherence and violence towards the non-muslim community taught to muslims in Islamic mosques, schools and organizations. UTT notes that Islamic schools in Texas are teaching muslim children jihad is one of the three duties all muslims are obliged to perform, and that “the duty of the muslim citizen is to be loyal to the Islamic State.”
6. Currently, there are 249 mosques/Islamic centers operating in Texas, with approximately 67 in the DFW area. In Islam, the mosque is the seat of the Islamic government where sharia is adjudicated, Islam is taught, jihadis are trained/housed, and it is the place from which jihad is launched. In Afghanistan and Iraq, U.S. forces discovered weapons in 100% of the mosques in which they searched. In Europe, security officials in France, Germany, and elsewhere, have discovered military grade weapons inside mosques. In the United States, FBI sources report there is weapons training taking place inside mosques. It is highly probable, mosques in the DFW area, are also places where preparations for war against the non-muslim community are underway.
